Dear Students and Families:

Welcome to New Bedford Public Schools as we begin the 2014-2015 school year! As your Superintendent, I look forward to getting to know you and your children, as we work together to create a new beginning for our schools. We want to be sure that your child - every child in New Bedford - makes progress and succeeds in learning every day.

We know that we cannot create better schools alone. We need you to help us. Make sure that your child comes to school on time and ready to learn. Ask them what they are working on in school. Read to them every night and encourage them to do their very best, even when the work is hard. Please make sure you get to know your child's teacher and your school Principal. We are here to work with you. Let us know when something may be bothering your child or something you feel is important for us to know about your child.

We hope that you will find this Handbook helpful in learning about the policies, procedures, and programs in New Bedford's schools. Please keep it in a safe place so that you can refer to it as needed and let me know any suggestions you may have to make it clearer and more helpful for families to use. I look forward to meeting you during the year as we begin a new day for New Bedford Schools. We will hold high expectations for our children to graduate high school, attend college and choose a successful career. This community deserves an excellent school system and, with your help, we will make that happen. Thank you and I will see you in the schools!

Sincerely,

## **School History**

Winslow School was built in 1912 and was named for Betsey B. Winslow, a former member of the New Bedford School Committee. She was the first person in the city to have a school named after her while she was still alive.

## **Mission Statement**

We are committed to developing a community of learners who are academically proficient, demonstrate strong character, and exhibit self confidence.

## **Vision Statement**

As bees pollinate flowers, our Betsey “Bees” will bloom with knowledge and “buzz” with character and values.

To guide our decisions, practices, and curriculum, there are **Guiding Principles** that we will abide by:

- The students are the primary focus of all decisions and the foundation of our plan.
- All members of the school community will learn and share their knowledge with each other.
- A safe environment will foster students’ self esteem and confidence in their ability to become lifelong learners and caring individuals.

## **Motto**

“Where All Bees are Abuzz with Learning”

## **Student Pledge:**

I know I can...

I will work hard...

I will get smarter!!

**Office:** The Main Office is located when you walk in on the RIGHT SIDE.

**School Hours:** Main Office, 8 a.m. – 3 p.m.; Students, 8:15 a.m.-2:30 p.m.

**Building Access:** For safety and security, the building is locked after the morning arrival routine. All visitors, parents, and late arriving students **must** report to the Office before proceeding to other parts of the building. It is important to know who is present in the building at any given time. Other than students arriving in the morning at the regular time, all entry to the building is through the Main Entrance on Allen Street.

The Winslow School building is not wheelchair accessible.

In accordance with State Law, Winslow School is designated a smoke-free environment. Please refrain from smoking while in the building or on school grounds.

## Arrival Routine

- Playground supervision begins at 8:00 a.m. No child should arrive before that time. On fair weather days, students play on the playground until it is time to line up. Children will not be brought into school before 8 a.m.
- On foul weather days (precipitation/extreme cold) or when playground conditions are poor (too much water/ice), students are permitted to wait in the auditorium for their teachers. Students will enter through the doors near the dumpster. Students will wait in the auditorium until their teachers pick them up at 8:15 a.m.
- Do not drive on the school playground area.
- Upon arrival at school, students are to line up in their designated lines. Students are not to enter the building before 8:15 a.m. without permission of a staff member or by obtaining a school pass. When students are forming their lines, parents are asked to stand behind the “parent line” which is painted on the blacktop.
- Tardiness: Students must report to the main office if they did not make it to their classroom line on time at 8:15 a.m. They will obtain a tardy slip to go to class.
- After students arrive at school, they must not leave the building or grounds without the Principal’s permission. Students should remain within the fenced-in area on the blacktop, ball field, or playground at all times.
- Safety issues make it necessary to put limits on certain games and activities. Teachers will discuss these restrictions with their students periodically as the need arises. Above all, common sense and courtesy are stressed to avoid accidents and to keep students safe.
- Children can be kept after school until 3 p.m. Parents should be aware that any pupil may be required to remain up to an additional one-half (1/2) hour after the first dismissal at 2:30 p.m. Pupils may be kept for disciplinary reasons or for any extra help needed in their academic subjects.
- Friday dismissal for all children is 1 p.m.

## Dismissal Routine

- Kindergarten students will be dismissed at 2:25 p.m. Monday through Thursday. They will be dismissed at 12:55 p.m. on Friday.
- Students in Grades 1-5 leave the building in their lines at 2:30 p.m., except on Fridays when they are dismissed at 1 p.m.
- Parents should wait for the children on the Bedford Street side near the sidewalk/fence area, behind the “parent lines”. Parents should not block the driveway or crosswalks with their vehicles.
- Students should not be taken out of lines.
- Students are not allowed to remain outside after dismissal if their parent/guardian is late. Their teacher will escort them back into the building to wait for someone to pick them out at the Main Office. If a student is not picked up at 2:30 p.m., a parent must sign them out at the main office.
- Bus Dismissal is at 2:30 p.m. Bus students are dismissed on Allen Street.
- Bus students wait in the auditorium (with staff supervision) for their bus driver to pick them up.
- Due to the safety of our students and due to the number of students we dismiss, it is imperative that students be dismissed in their proper classroom lines. We ask you not to come into the office to dismiss your child before 2:30 p.m. unless there is an emergency. Parents who meet their child(ren) after school need to pick them up at the designated dismissal area. If a parent/adult is not present, students will be escorted back into the building and parents may then pick up your child in the main office.
- Please call as early as possible if an emergency dismissal change is necessary so that a message can be delivered to your child. Any changes in the dismissal routine must be made **before 2 p.m. that day.** Dismissal can be a hectic time. Therefore, last minute messages may not be able to be delivered successfully. If there is

**a change. parents are asked to write a note to the classroom teacher. If we do not receive written notification, we will follow the student's daily routine for dismissal.**

- No child will be dismissed to any person unless their name(s) are listed on their emergency form. That form needs to be kept updated.
- We have several students who have experienced anxiety and have allergies around different animals. **As a result, it is a school policy that you do not bring your pets onto school property.**

## **Student Emergency Forms**

During the first week of school, your child's teacher will be sending home various forms for you to fill out, including an Emergency Information Form. All forms sent home must be returned to school. This information is kept in the Main Office in case you need to be contacted. **Please make sure all telephone numbers and addresses are accurate and clearly written.** Remember to put the name and telephone number of a person who can be contacted in case you cannot be reached. **Please notify the school if you change address and/or telephone numbers during the year.** It is very important that our records are kept up to date.

If there are any changes during the school year, please call the Office to update the form. Students will not be released to anyone not listed on the emergency form. The teacher or office staff will request identification when an unfamiliar adult is picking up a student.

In the event of an emergency, it is important that we contact a parent or guardian. If we are unable to reach a parent, someone must be authorized to assume responsibility for the student. Please provide two additional names and **telephone numbers** of persons authorized to be contacted in case of an emergency.

## Visitors

Parents are an important part of our school. In order for the school to keep a record of your visit and for the SAFETY of all of our students, it is necessary to check in at the Main Office with the secretary and sign in upon entering the building. If needed, a visitor's pass will be issued. Should you want to meet with your child's teacher, please write your child's teacher a note or call the office and arrangements will be made for a meeting time convenient to you, as well as the teacher.

## Volunteers

Parents and guardians are encouraged to volunteer at the school. Interested persons need to contact the office to offer their services. All volunteers are required to pass a CORI (Criminal Background check). CORI forms can be picked up in the Main Office; these forms processed through the district office.

## Lost and Found

The school cannot assume the responsibility for all of the student items that are lost. If you do report an item missing, we will do our best to locate the item. All found items are generally returned to the office. Labeling items (first and last names) such as coats, lunch boxes, backpacks, etc. are helpful to you and your child. All lost and found items are donated to the American Red Cross or Gifts to Give during school vacations.

## Universal Breakfast Program

Universal Breakfast will be served at no cost to students at 8:00 and ends at 8:15 a.m. daily.

## Lunch Program

Lunch is served daily. Lunch is served at no cost to our students. Breakfast/Lunch menus are on the NBPS website and announced daily at school. If you have any questions, please contact: Nancy Carvalho, (508) 997-4511 ext. 3300.

**Milk only:** \$.50 (If a child brings in their own lunch they must purchase a milk.)

**Extra:** \$1.00

To avoid accidents, food from home should not include glass containers and/or carbonated beverages, such as soda. Healthy snacks are also recommended.

## **Academic Expectations**

To insure success at the Betsey B. Winslow School, it is important that all students:

- Come to class prepared
- Follow the class and school rules
- Show respect for themselves, staff and the school environment
- Show pride in THEIR school work
- Always do “YOUR BEST!”
- Realize that EFFORT makes a difference!

## **Behavioral Expectations**

At the Betsey B. Winslow School, students know the “3B’s”:

- (1) Be Responsible
- (2) Be Respectful
- (3) Be Ready to Learn

*(Please refer to attached Discipline Policy for further information.)*

## **Family Engagement**

Parents are their child’s first and most important teachers. Therefore, strong support from both the home and the school is critical. The school and family working together are powerful forces that can help students achieve the expected learning results of the school. We believe parental involvement has the greatest impact when parents, students and the school share responsibility for the growth and development of each student.

- Parents will receive materials and have opportunities to participate in various activities and events planned throughout the year.
- Parents will have opportunities to participate in school decision-making regarding the education of their children through the Parent Teacher Organization, School Council, and parent-teacher conferences.
- The school will provide opportunities for conferences, as requested by parents, to formulate suggestions and make decisions regarding the education of their children.
- Parents are encouraged to volunteer and help at school and on the Parent Teacher Organization or School Council.

## Parent/Teacher Conferences

Parent-teacher conferences usually result in a better understanding and an improved relationship between home and school. Throughout the year, teachers may request conferences with families to discuss a student's academic progress. This connection provides parents, guardians and teachers with the opportunity to discuss the student's growth and plan cooperatively to meet his/her needs. Parents/guardians are also encouraged to request conferences at any time throughout the school year. This can be done by writing a note to the teacher or calling the school. Missed appointments need to be rescheduled.

## Dress Code

Winslow School is committed to providing a safe, friendly learning environment for its students. Attire is not only a reflection of the individual student, but also of the general learning environment. Therefore, students have the responsibility to wear clothing that projects a positive attitude of pride in self, school and the community. Students are required to wear appropriate, comfortable and safe clothing that is neat, clean and in good taste. No article of clothing shall be worn that distracts from the educational process. The building administrator has the final decision as to the appropriateness of all clothing and attire. Following are guidelines for the students:

1. Writing or symbols on clothing that are obscene or suggestive of obscenities are not permitted. Messages suggestive of alcohol, substance abuse, gang affiliation, or an unhealthy attitude toward school are not productive for a positive school environment and also are not permitted.
2. Hats, bandanas, or other head coverings, and sunglasses are not permitted to be worn inside the school building unless approved by a principal, physician and/or school nurse.
3. Accessories that increase a child's risk for accidents, such as long key chains on book bags, chains, dangling earrings and studded accessories, such as nose rings and other ornamentation that can cause injury, are not permitted.
4. Attire that exposes flesh inappropriately (cleavage, midriff, chest, thighs, etc.), such as muscle shirts, belly shirts, short-shorts, tube tops, are not permitted. Low-cut tops, see-through clothing, and shorts or skirts shorter than the middle of the thigh are examples of styles that are considered unacceptable for students. Shirts and tops must be long enough to be tucked in.
5. See-through clothing is not permitted. Clothing that has excessive rips, tears or holes are not permitted. All undergarments are to be covered.
6. Clothing that compromises the safety of the students is not permitted; an example is extremely oversized clothing. Clothing which touches the floor is not permitted.
7. Appropriate footwear will be worn at all times. Examples of inappropriate footwear include stacked-heel shoes, floppy sandals, platform shoes, shoes with cleats, shoes with built-in wheels, clogs, and platform footwear; these can be a safety issue. Flip-flops are not allowed!
8. Fake nails are not permitted.
9. Outer wear (jackets and coats, gloves, etc.) should not be worn in the building unless permission has been granted by the Principal.

## **Dress Code - Procedures for Violations**

The Principal has the final decision as to the appropriateness of all clothing. Students who dress inappropriately will be sent to the office. If possible, appropriate clothing will be provided. If appropriate clothing is not available, parents will be contacted to bring clothes to the student.

Parents are an important part of the Winslow Dress Code and will be informed if the student is repeatedly in violation of the dress code. The building administration will work with students and parents to enforce our Dress Code.

## **Nursing/Medical Procedures**

### **Medication:**

- Children are not allowed to carry any medication in school.
- A signed order from a physician, dentist, nurse practitioner or physician's assistant is required in order for the school nurse to administer prescription and over-the-counter medication in school, as required by Massachusetts General Law. Parental permission is also required.
- Cough drops are designated as "medicine" and may not be brought or taken by child.
- Any questions concerning medication can be answered by the principal or school nurse.

### **First Aid and Emergencies:**

If an illness or accident occurs at school, the school nurse will administer First Aid and notify parents as soon as possible. Parents are responsible for transporting their children home in the event of an illness or injury. If a life threatening accident occurs at school, an ambulance will be called for immediate transport to the Hospital. Parents will be notified of such incidences immediately.

### **Health Records:**

Health Records are kept in a locked file in the nurse's office. It is important that parents keep the school informed of any new medical information to keep the records up-to-date.

Please see New Bedford Public Schools Policy on Student Record Regulations and the Family Educational Rights Privacy Act (page D33).

Vision/hearing screenings and height/weight screenings are done annually. Parents are notified only if results are not within normal limits. Scoliosis screening is done in grade 5. Screening for head lice is done as needed.

## **Change of Address and Transfers**

If your address or telephone number changes or your child is transferring to another school, please inform the school office immediately. If the student is transferring to another school system, you must sign appropriate papers so that records can be sent to the new school.

## Attendance

Regular school attendance is crucial to academic achievement. Every effort should be made to ensure that your child attends school regularly. If a student must be absent, please call the School Office at 508-997-4511, ext. 2249. When a student returns from an absence, a parental excuse note must be given to the teacher. Excessive absences are monitored by the truant officer. Please see the New Bedford Public Schools K-5 Attendance Regulations and Policies (page D35).

## Tardiness/Early Dismissal

Frequent tardiness or early dismissal interrupts student learning, not only for the individual, but also for the entire class. If an unavoidable tardiness or planned early dismissal is necessary, a parental note is required and must be approved by the office. Students late to school should report to the office with a note when arriving. Students leaving before the regular dismissal should be picked up at the office. Your cooperation keeping tardiness, early dismissals, and absences to a minimum is greatly appreciated. Excessive tardiness and/or dismissals are monitored by the truant officer.

## Miscellaneous

1. **Birthday Invitations:** We recognize that birthdays are a special day for our students. In fact, each student is recognized over the intercom on their special day. We do not allow party celebrations because they interfere with time on learning and we continue to promote good nutritional habits with our students. We encourage you to hand out invitations outside of school. If you must hand out invitations at school, they must be given to the entire class, OR female students must hand out an invitation to each female student in her class and the male students would be required to hand out an invitation to each male in his class. The student or parent must inform the teacher prior to handing them out.
2. **Class Lists:** Due to confidentiality, class lists cannot be handed out to parents or students. We will provide a class list with first names only upon request for invitations, holiday cards, etc.
3. **Monthly Assemblies:** Parents are encouraged to attend the monthly assemblies whenever possible. Doors open 15 minutes prior to the start of an assembly. Balloons are causing health, safety, and security issues and should not be brought to school. Flowers have also been identified as allergens. Students are not allowed to be dismissed after an assembly due to time on learning.
4. **Latex balloons:** These are not permitted into the building, due to serious allergies.
5. **Lunches:** Special lunches, (McDonalds, Subway, etc.) are not to be dropped off at the school. A lunch will be provided if your child forgets their lunch and if it is a paid lunch, the money will be collected the following day.
6. **Money:** Please do not send a large amount of money to school with your child. If there is an occasion to send money (ex. book fair, book orders), please send it in a sealed envelope with your child's name on it and enclose a note with the purpose for the money. At times, the school will provide an envelope (ex. fundraiser) for your child to return money; please utilize this so your child's money/order does not become lost.
7. **Teacher/Student Assignments:** Class lists require a magnitude of planning by a team of involved staff members and there are many considerations taken into account. Therefore, we are unable to honor any special requests for student placement. Students find out who their new teacher is during "Moving Up Day" on the First Day of school each year.
8. **After School Students:** Parents are encouraged to wait for students outside whenever possible. Teachers will escort students to the door and check to be sure that a family member is present to pick them up before dismissing them.
9. **School Store:** All students have a scheduled day to visit the School Store once per week during their lunch shift. There are many items at our store including school supplies such as pencils, folders, etc. Students are only allowed to visit the store if they have money to purchase items. The schedule is:
  - Tuesday:** Kindergarten & Grade 2
  - Thursday:** Grade 1 & Grade 3
  - Friday:** Grade 4 & Grade 5

## **Press Pictures**

Occasionally, photographs and videos of students are taken during school activities for press release. As a parent, you have the right to request that no picture of your child be used in this way. A “New Bedford Public Schools Video Release” Form is sent home during the first week of school. Please fill out, sign and return this form. If you do not want your child’s picture taken, please contact your child’s teacher and/or the principal.

## **Academic Information**

### **Report Cards**

Report cards will be issued on a trimester schedule. The report card envelope must be signed by a parent/guardian and be returned to the students’ teacher within two school days.

### **Progress Reports**

Progress reports are issued in the middle of each trimester marking period. ALL students will receive a progress report. These progress reports must be signed by a parent/guardian and returned to school within two school days. However, additional progress reports may be issued at any time when deemed necessary.

## **Field Trips**

Field Trips are scheduled during the school year to supplement the Curriculum. Notices will go home prior to every trip. A permission slip signed by a parent or guardian is required before students are allowed to leave school grounds for a field trip. Chaperones must have completed a CORI (Criminal Records check) at least three weeks prior to the trip. Chaperones are encouraged to have their CORI Forms completed during our OPEN HOUSE at the beginning of the school year. Parents will not be allowed to chaperone field trips when they submit CORI Forms a few days prior to a field trip. Chaperones must also sign the Field Trip Chaperone Code of Conduct Policy. Local trips, such as the Zeiterion Theatre or Library, may require 0 to 2 chaperones, as determined by the teacher. Out-of-state or outdoor trips, such as the zoo, or a whale watch requires a 4:1 (students: adult) ratio. If more parents are interested than the determined ratio, chaperones will be chosen through a lottery system. Beginning this school year (’14-’15) volunteers who chaperone/supervise students without the teacher present, must be fingerprinted, as mandated by a new state law.

### **FIELD TRIP CHAPERONE – CODE OF CONDUCT**

Field Trip destinations are selected by the classroom teachers in alignment to various areas of the curriculum/state standards. Activities to prepare the students for the trip, participation in the trip and follow up activities are all part of the learning process. Therefore, we recommend that all students participate in our field trips. In order for the trip to be successful the teachers will determine the appropriate chaperone/student ratio.

The first task of a chaperone is to monitor the students’ behavior and engage the students in the educational experience. Our best chaperones encourage participation in hands-on activities; model listening when guides are speaking; read and explain the significant links to the students in their charge; and find value in the experience.

To do so, we ask that

- Chaperones NOT bring their other children along on the field trip. This is not a family outing – chaperones are required to supervise our “Busy Bees”. This is more easily done when the adult’s attention is not distracted by younger children.
- Chaperones NOT leave their groups unattended at any time. It is expected that the group assigned to the chaperone will stay together – switching of group members while on the trip may cause confusion. Bathroom visits must be closely monitored. Teachers are responsible for group assignments.
- Chaperones NOT leave the group to make personal or business related phone calls while on the trip. Chaperones are also asked to refrain from texting during the field trip.
- Chaperones refrain from smoking during the field trip.

Seats on the bus are limited! In some cases, the only adults who may ride on the bus are teachers. If you are willing to chaperone you may need to drive your own car or ride in someone else’s car. Parents leaving their cars at school are asked to park in open spots in the streets surrounding the school. Unfortunately, at this time, our school does not have a parking lot accessible for visitors. Please do not park on the black top on the Bedford Street side; all vehicles will be towed.

The time table set by the teachers or the destination must be kept. This includes whether or not groups will be attending special programs and/or visiting the gift shop. Whatever plans have been made by the teachers must be respected. If a “no gift shop rule” is made, then none of the groups should visit the gift shop.

If you need to back out of your commitment to chaperone a field trip please let the classroom teacher know as soon as possible. It is the teacher’s decision to reassign students or to ask another parent to chaperone.

Prior to confirming any chaperone’s attendance on the field trip, the Office must review CORI forms and prior violation of the Chaperone Code of Conduct. Upon review, the classroom teacher will confirm attendance. Please do not promise your child or re-arrange your work schedule until your participation is confirmed.

Any fees associated with this activity, which may cause a chaperone not to participate will be incurred by the school. Please call the Principal directly (508-997-4511, ext. 2249). All inquiries will be held in confidence. Anyone with questions related to these policies or field trip transportation should speak to the Principal directly.

## **General School Rules**

When an individual’s behavior, actions, and/or attire undermine or are detrimental to the learning environment, action will be taken by school authorities to correct the problem. In the final analysis, the Principal has the right to interpret that which negates a reasonable standard of conduct and appearance, keeping in mind the health and safety of the individual. Parents will be expected to know, understand, and support the Betsey B. Winslow School’s Behavioral Expectations and the teachers’ Classroom Rules. Each classroom teacher will take time during Open House to review his/her classroom rules. Of equal importance and also to be discussed is the implementation of positive reinforcement whereby students are recognized and given positive attention for their outstanding behavior and effort. **The rules of this code of conduct are in addition to the Principal’s broad discretionary authority to maintain safety, order, and discipline.**

## **Students Who Disobey the School Rules:**

One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for other people. The school environment is our top priority. Safety, order and discipline are the code of conduct. Rules are primarily for protection (safety) and secondarily for punishment/consequences (responsibility). It is felt that our students need to take responsibility for their actions and most importantly, learn from them. At Betsey B. Winslow School, all staff members will “discipline with respect”.

Violations of school/classroom rules will be handled primarily by the supervising teacher or staff member observing the inappropriate behavior. Repeated minor offenses will be reported to parents by their teacher. All serious infractions will be referred to the office for action by the principal. Sequence of specific steps will be determined by each teacher.

The following are examples of consequences that a staff member may utilize:

1. Discussing the incident with the student.
2. Verbal warning or reprimand.
3. Change of seating by the teacher.
4. Loss of Classroom Privilege.
5. Restricting the student’s activity on the playground.
6. Parent contact (Phone call or note signed and returned).
7. After school session with teacher.
8. Student/Counselor/Teacher Conference.
9. Parent Conference.
10. Conduct Card be issued (including one day after school by teacher).
11. Requiring the student complete a written assignment such as an apology letter.
12. Referral to adjustment counselor, if warranted.
13. Referral to Principal accompanied by Discipline Form (written statement of steps taken to resolve issue).
14. Serious offenses or repetitive misconduct **may** result in a suspension.

## **Special Needs Students**

All special needs students are expected to follow the regular disciplinary procedures unless it is addressed specifically in their Individual Education Plan. Please refer to (Notice of Parental Rights) from Commonwealth of Massachusetts Department of Education. All discipline procedures for students eligible for special education will be in compliance with the Federal Special Education Law (IDEA).

## I. School Success

### STUDENT AND FAMILY HANDBOOK

When school staff, families, and community members work together to create a system of supports for children, the result is better educational and developmental outcomes for children. “Family and Community Engagement is a shared responsibility of families, schools, and communities for student learning and achievement; it is continuous from birth to young adulthood; and it occurs across multiple settings where children learn. The six fundamentals of effective Family, School and Community Partnerships are: Welcoming all stakeholders, communicating effectively, supporting the success of children and youth, advocating for each child and youth, sharing power and responsibility, and partnering with the community (Massachusetts Family, School, and Community Partnership Fundamentals, June 2011).”

New Bedford Elementary Schools are working to strengthen relationships with families and the community toward a shared goal of student academic success. As a part of this effort, the school district has established a multilingual *Family Welcome Center* in the Paul Rodrigues Administration Building, 455 County Street, room 105 (508-997-4511 x3424). Through Superintendent Durkin’s Every Day Counts focus, the district is working to improve student attendance so students: Attend school, Stay in school, and Graduate.

#### Things Families Can Do to Help Children Succeed in School

1. **Make certain all of your family’s contact information is correct and up-to-date. When an emergency happens, it is important that the school be able to contact you immediately, and, if you are not available, another responsible adult in your child’s life.**
2. **Remind your child of the importance of regular attendance and always being on time. Ask your child:**
  - a. **Have you been in school every day?**
  - b. **Have you been on time every day?**
  - c. **Have you turned in all your homework? Was it complete and on time?**
3. **Communicate with your child’s school/teachers**
4. **Visit your child’s school often. Schools have many scheduled events including:**
  - a. **Student performances**
  - b. **Sporting events**
  - c. **Family-teacher conferences**
  - d. **Other scheduled meetings**
5. **Read to and with your child, every day, in the language you know best. Families should read to their children, every evening before bed, until the children ask to read to themselves. Even then, adults can continue to read aloud to children, taking turns and allowing the child/children to read some parts aloud. If for any reason you are unable to read to your child, contact your public library for information about books on tape and other programs on computers (available at the library) that you can share with your child.**
6. **Talk to your child, every day, in the language you speak best.**

**Provide quiet time in a space with good lighting for your child to do homework and to read. Watch the clock or set the kitchen timer (see time and activity suggestions below). If your child finishes early, have her/him read a book—keep one handy. If she/he needs more time, allow this. Generally, though, telling your child that there is no TV, radio, telephone or computer time until the timer goes off is a good way to help your child be responsible for her/his learning.**

- a. **If your child is in kindergarten or younger, sit with her/him and read and write together.**
- b. **If your child is in 1st—3rd grade, set the timer for about a half hour for your child to do homework, read and write every day. Sit with your child and ask questions about what she/he is doing or reading, but make certain your child does the work—she or he needs to learn some independence.**
- c. **If your child is in 4th—5th grade, set the timer for about 45 minutes.**

## **Questions for Families to Ask Children**

*Ask two of the following questions (choose different ones each day) of your child, after every school day (afternoons) and before every school day (mornings). If your child is unable to answer a question fully, (for example, if your child says “we are not reading anything in school”), then tell your child you are concerned and will need to talk with teachers. Often, children will then respond with an answer. If they persist in saying they are not reading (or doing math, or science, etc.) and they respond they are not learning these subjects over a period of time (at least a week), then it is time to call the school and ask to meet with your child’s teacher/teachers. Depending on the situation and your child’s age, you may wish to ask the teachers to meet together with your child. Consider posting the questions on your refrigerator door.*

1. What did you learn in school today? What do you think you will learn in school tomorrow?
2. What homework do you have?
3. What is something you enjoyed in school? What is something that was difficult for you to do in school today?
4. What did you read in school today?
5. What are you learning about in math? What are you learning about in science?
6. What are you learning about in history?
7. Did you ask any questions in school today? What questions did you ask? (If your child says she/he did not ask a question, help your child practice a question to ask the next school day. You might want to work with your child to choose a teacher or principal to ask their question.)
8. How do you think you are doing in school?
  - a. Have you talked to your teachers?
  - b. Have you asked for extra help (after-school, tutoring, other)?

## **Every Day Counts!**

## EQUAL EDUCATIONAL OPPORTUNITIES

In recognition of the diversified characteristics and needs of our students and with the keen desire to be responsive to them, the School Committee will make every effort to protect the dignity of the students as individuals. It also will offer careful consideration and sympathetic understanding of their personal feelings, particularly with reference to their race, color, gender identity, gender expression, ancestry, English proficiency, disability, homelessness, religion, national origin, sexual orientation or physical and intellectual differences.

To accomplish this, the Committee and its staff will make every effort to comply with the letter and the spirit of the Massachusetts equal educational opportunities law, which prohibits discrimination in public school admissions and programs. The law reads as follows:

No child shall be excluded from or discriminated against in admission to a public school of any town, or in obtaining the advantages, privileges and course of study of such public school on account of race, color, sex, gender identity, gender expression, religion, national origin, English proficiency, disability, ancestry, homelessness or sexual orientation.

This will mean that every student will be given equal opportunity in school admission, admissions to courses, course content, guidance, access to counseling, extra-curricular and athletic activities. Counseling includes pursuit of programs or study, participation in extra-curricular activities, participation in intramural and interscholastic sports, counseling in the language a student best understands, and pursuit of nontraditional programs for a student's gender.

New Bedford Public Schools will also regularly review the counseling process and counseling materials — including scholarships, prizes and awards sponsored or administered by NBPS—to ensure that counseling and information is free from bias and stereotypes on the basis of race, color, sex, religion, national origin, ancestry, sexual orientation, gender expression, gender identity, disability, and homelessness and that counseling and materials are provided to students in the language they best understand.

All implementing provisions issued by the Board of Elementary and Secondary Education in compliance with this law will be followed.

## **TRANSLATION AND INTERPRETATION**

New Bedford Public Schools is committed to providing families the information they require to understand their children's schooling in a language and/or form the family best understands—including in two languages for those families in which one home speaks one language and the other home speaks another language. When requested/required families will receive all general information provided in English in the language they speak best, with an emphasis on those languages most commonly found in New Bedford Public Schools, namely Spanish and Portuguese. For meetings, families will be provided an interpretation, or a separate meeting held solely in a language they understand, for general meetings and information. For specific meetings and specific information, families will be provided said information in their home language and / or an interpreter for any such meetings if necessary. Families will never be asked to sign a document in a language they do not understand. For those families who do not possess literacy skills, information will be communicated orally, in full, prior to their signing any document.

NBPS will make every effort to provide students with counseling and guidance services in the language they best understand, beginning with an emphasis on those languages most spoken in New Bedford Public Schools: Cape Verdean Creole, Portuguese, and Spanish.

In the spirit of providing information to families in a language they can understand, any request from outside agencies to share information with NBPS families will be honored only if said agency provides the information in three languages in equal form: English, Portuguese and Spanish.

## **INSTRUCTIONAL MATERIALS, TEXTBOOKS, AND PROGRAMS SELECTION**

The New Bedford School Committee believes that materials appropriate to the needs of the school program must be available to each student and teacher. These will be furnished by the School Committee subject to budgetary constraints.

The task of selecting instructional materials for programs will be delegated to the professional staff of the New Bedford Public Schools. Because instructional programs and materials are of great importance, only those that meet the following criteria will be approved by the New Bedford School Committee:

2. They must provide materials that stimulate growth in factual knowledge, literary appreciation, aesthetic and ethical values.
3. They must help develop and foster an appreciation of cultural diversity and development in the United States and throughout the world.

6. They must allow sufficient flexibility for meeting the special needs of individual students and groups of students.
7. They must be adaptable or inclusive of the needs of children with disabilities and those working to acquire English proficiency.

## **NOTIFICATION TO PARENTS OF TEACHER QUALIFICATIONS**

The Federal *No Child Left Behind* Act of 2001 requires school districts that receive federal Title I funding to notify parents of their right to know the professional qualifications of the classroom teachers who instruct their child.

As a recipient of these funds, the New Bedford Public Schools will provide you with this information in a timely manner if you request it. Specifically, you have the right to request the following information about each of your child's classroom teachers:

- Whether the teacher meets the state qualifications and licensing criteria for the grades and subjects he or she teaches.
- Whether the teacher is teaching under emergency or provisional status because of special circumstances.
- The teacher's college major, whether the teacher has any advanced degrees, and the field of discipline of the certification or degree.
- Whether paraprofessionals provide services to your child and, if so, their qualifications.

## **II. School Policies**

### **STUDENTS' RIGHTS AND DUE PROCESS**

Students are entitled to due process and fair treatment by all employees of the New Bedford Public Schools. Students are given the opportunity to appeal actions that adversely affect them and to explain their positions. Appeals relating to matters concerning co-curricular or athletic activities should first be brought to the appropriate administrator of the program. Appeals relating to classroom standards or requirements should first be brought to the appropriate academic director.

## **DISCIPLINARY DUE PROCESS**

1. **EMERGENCY SUSPENSION:** A student may be given an emergency suspension by the Principal if the Principal has reasonable cause to believe that:

- a. The physical safety of the student or of others is substantially endangered and will continue to be endangered;
- or
- b. The student is causing and will continue to cause substantial interference with classroom instruction or disruption to the school setting.

2. **SHORT TERM DISCIPLINARY SANCTIONS:**

Except where an Emergency Suspension is warranted, a student and the student's parent(s)/guardian(s) will be given oral and written notice of the offense with which he/she is charged and provided a disciplinary hearing prior to the imposition of any disciplinary sanction that might result in the student's suspension from school for ten (10) days or less. At said hearing, the student and the student's parent(s)/guardian(s) will be provided a written account of the charge and will be afforded an opportunity to provide additional information to inform the determination. In the event that the Principal, or Assistant Principal determines that the student will be suspended from school, the student and the student's parent(s)/guardian(s) will be provided a copy of the outcome in writing. If the parent(s)/guardian(s) were not present at the meeting, the student's parent(s)/guardian(s) will be notified by telephone at the number they provided the school of the outcome.

3. **LONG TERM DISCIPLINARY SANCTIONS:** Prior to the imposition of any disciplinary sanction that might result in a student's suspension for more than ten (10) consecutive school days or expulsion, the student and the student's parent(s)/guardian(s) will be given notice of a hearing at which they may be represented by an attorney at their expense and may examine and present witnesses and documentary evidence. Following this hearing, the Principal will issue a written decision. The student and the student's parent(s)/guardian(s) will have the right to appeal any decision imposing a long-term exclusion from school. The student and the student's parent(s)/guardian(s) shall have five (5) days from the effective date of the exclusion to file a written appeal with the Superintendent of Schools.

For exclusions imposed pursuant to M.G.L. c. 71 §37H, M.G.L. c. 71 §37H½ see pages D6 and D7 of this Handbook.

## **STUDENT DISCIPLINE**

Discipline is the dual responsibility of the home and school.

The Massachusetts General Laws require the School Committee to adopt written policies, rules and regulations not inconsistent with law, which may relate to study, discipline, conduct, safety and welfare of all students, or any classification thereof, enrolled in the public schools system.

The implementation of the general rules of conduct is the responsibility of the principal and the certified staff of the building. In order to do this, the staff in each school in the School District shall develop specific rules, not inconsistent with the law or in conflict with School District policies by being more specific as they relate to specific schools.

The purpose of disciplinary action is to restore acceptable behavior. When disciplinary action is necessary, it shall be administered with fairness and equity while taking into account the individual circumstances in each incident of student misconduct.

Students violating any of the guidelines on student conduct and control will be subject to disciplinary action.

The degree, frequency, and circumstances surrounding each incident shall determine the method used in enforcing these guidelines.

Most of the situations which require disciplinary action can be resolved within the confines of the classroom or as they occur by reasonable but firm reprimand, and/or by teacher conferences with the student and/or parents or guardians.

In order to maintain equity in disciplinary actions district-wide, all school administrators will be guided by district guidelines for the discipline of both elementary and secondary students in defining acts of student misconduct and in providing student consequences for defined student behaviors. It is expected that disciplinary actions be progressive in nature, and that out-of-school suspension be used as the sanction of last resort.

If a situation should arise in which there are no applicable written guidelines, the staff member shall be expected to exercise reasonable and professional judgment.

## **STUDENT EXPULSION POLICY**

If an expulsion recommendation is deemed necessary from the school, the Principal and the hearing officer will follow the following regulations [JGD/JGE] pertaining to suspensions in establishing and conducting a hearing except:

1. An impartial hearing officer, who may be an employee of the School Committee, but not assigned to the school where the student is enrolled, will be appointed by the superintendent or his designee to conduct a hearing; and
2. All witnesses presenting testimony against the student will appear in person at the hearing. The student, his/her parents or guardian(s), and his/her attorney will be allowed to cross-examine such witnesses; and
3. A tape recording or verbatim transcript of the hearing will be made and a copy will be available to the student on request at no cost.

To impose expulsion, the hearing panel must find:

1. The student violated the student conduct rules at least three (3) times during one school year and that each violation was serious enough, in the absence of other violations, to warrant suspension; or
  2. The continued presence of the student in school would endanger the physical safety of others or cause substantial interference with the right of others to pursue an education.
- No expulsion will exceed the end of the school year during which the acts leading directly to the expulsion occurred.

In any case where the hearing panel imposes expulsion, the student will have the right to request an appeal hearing before the New Bedford School Committee. The appeal hearing will be held within one week of the date such request is made.

New Bedford School Committee, as it conducts the appeal hearing, will specifically determine if there was sufficient evidence to find the alleged violation(s) occurred and if the penalty imposed was appropriate for the violation(s).

## **CHAPTER 272, S.40, DISTURBANCE OF SCHOOL OR PUBLIC MEETING**

Whoever willfully interrupts or disturbs a school or other assembly of people meeting for a lawful purpose shall be punished by imprisonment for not more than one month or by a fine of not more than fifty dollars; provided, however, that whoever, within one year after being twice convicted of a violation of this section, again violates the provisions of this section shall be punished by imprisonment for one month, and the sentence imposing such imprisonment shall not be suspended.

Amended by St. 1969, c.463, s.1.

## **DISCIPLINE AND STUDENTS WITH DISABILITIES**

All students are expected to meet the requirements for behavior as set forth in this handbook. In addition to those due process protections afforded to all students, the Individuals with Disabilities Education Act and related regulations require that additional provisions with Disabilities Education Act and related regulations require that additional provisions be made for students who have been found eligible for special education services or who the school district knows or has reason to know might be eligible for such services. Students who have been found to have a disability that substantially limits a major life activity, as defined under §504 of the Rehabilitation Act, are, generally, also entitled to increased procedural protections prior to imposing discipline that will result in the student's removal for more than ten (10) consecutive school days or where there is a pattern of short term removals exceeding ten (10) school days in a given year. The following additional requirements apply to the discipline of students with disabilities:

(1) The IEP for every student eligible for special education or related services shall indicate whether the student can be expected to meet the regular discipline code of the school or whether the code should be modified to address the student's individual needs.

(2) Students with disabilities may be excluded from their programs for up to ten (10) school days to the extent that such sanctions would be applied to all students. Before a student with a disability can be excluded from his/her program for more than ten (10) consecutive school days in a given school year or subjected to a pattern of removal constituting a "change of placement", building administrators, the parent(s)/guardian(s) and relevant members of the student's IEP or 504 Team will meet to determine the relationship between the student's disability

and behavior (Manifestation Determination). In most instances, during disciplinary exclusions exceeding ten (10) school days in a single school year, the students receiving services pursuant to an IEP shall have the right to receive services identified as necessary by the Team to provide him/her with a free appropriate public education during the period of exclusion. Under Section 504, students are not entitled to services if the team determines the conduct is not a manifestation of the student's disability.

(3) If building administrators, the parent(s)/guardian(s) and relevant members of the student's IEP or 504 Team determine that the student's conduct was not a manifestation of the student's disability, the school may discipline the student in accordance with the procedures and penalties applicable to all students but will continue to provide a free appropriate public education to those students with IEPs. The student's IEP or 504 Team will identify the services necessary to provide a free appropriate public education during the period of exclusion, review any existing behavior intervention plan or, where appropriate, conduct a functional behavioral assessment.

(4) If building administrators, the parent(s)/guardian(s) and relevant members of the student's IEP or 504 Team determine that the conduct giving rise to disciplinary action was a manifestation of the student's disability, the student will not be subjected to further removal or exclusion from the student's current educational program based on that conduct (except for conduct involving weapons, drugs, or resulting in serious bodily injury to others) until the IEP or 504 Team develops, and the parent(s)/guardian(s) consent to, a new placement or unless the District obtains an order from a court or from the Bureau of Special Education Appeals (BSEA) authorizing a change in the student's placement. The student's Team shall also review, and modify as appropriate, any existing behavior intervention plan or arrange for a functional behavioral assessment.

(5) If a student with a disability possesses or uses illegal drugs, sells or solicits a controlled substance, possesses a weapon, or causes serious bodily injury to another on school grounds or at a school function, the District may place the student in an Interim Alternative Educational Setting (IAES) for up to forty-five (45) school days. A court or BSEA Hearing Officer may also order the placement of a student who presents a substantial likelihood of injury to self or others in an appropriate interim setting for up to forty-five (45) school days.

## **NEW BEDFORD PUBLIC SCHOOLS STUDENT CONDUCT POLICY**

It is the intention of the School Committee that the public schools of New Bedford help students achieve maximum development of individual knowledge, skills, and competence, and to learn behavior patterns which will enable them to be responsible, contributing members of society.

The committee shall, at various times, approve rules of conduct for students which must clearly state the forms of behavior which shall be unacceptable on school property or at school functions.

It shall be the responsibility of the Superintendent to see that copies of the rules of conduct approved by the Committee are prominently displayed within each school building and that copies are made available, free of charge, to interested residents of the City of New Bedford.

## **CELLULAR PHONES/ ELECTRONIC DEVICES**

New Bedford Public Schools promotes the use of Technology as an effective environment for learning. However, given the degree to which unregulated use of cell phones and other personal electronic devices may interfere with teaching and learning, regulations will apply through June 2015 at which time this policy will be reviewed.

1. Cell phones and personal electronic devices must be turned off and not visible during the school day. Texting is prohibited. Contact with parents and guardians during the school day must take place through the office. Cell phones may be used after the school day ends.
2. Electronic devices necessary for a specific educational purpose and/or individual student need may be used in class with the approval of the supervising teacher/staff member.

Consequences:

FIRST OFFENSE: Students will pick up their phone/device after school

SECOND OFFENSE: Parent/Guardian must pick up the phone/device

THIRD & SUBSEQUENT OFFENSES: Meeting with the Parent/Guardian and student will occur.

It is the expectation of the School Administration that all students will comply with these guidelines. Students not adhering to guidelines of this policy will be subject to consequences outlined in the student handbook.

New Bedford Public Schools is not responsible for lost or stolen electronic devices under any circumstances.

## **STUDENT CONDUCT ON SCHOOL BUS**

Buses are provided for those students whose health or the distance of their homes from school make this service essential. All students who ride the school buses shall be informed of and expected to comply with the following rules of behavior:

1. Students are to wait for the bus on the sidewalk until the bus comes to a complete stop.
2. Students are to board and leave the bus in a single file.
3. Students are to remain seated until they reach their destinations.
4. Students are not to put any part of their bodies out of bus windows.
5. Students are not to eat on buses. No food is to be carried on buses from the school lunch program.

7. No objects are to be thrown on or off buses or extended out of them.
8. Students are not to damage buses in any way.
9. Smoking is not permitted on buses at any time.
10. Students are expected to observe the rules of courteous, considerate behavior on buses at all times.
11. Students must have written parental permission to leave the buses other than at their homes or school stops.
12. Fighting, vulgarity, loud noises and other aggressive behavior is not permitted on buses.
13. Students who refuse to obey promptly the directions of the driver or aide or refuse to obey regulations may forfeit their privilege of riding on buses for a specified period of time.

## **DISCIPLINARY ACTION FOR VIOLATION OF SCHOOL CONDUCT ON A SCHOOL BUS**

The offenses listed above are subject to a minimum penalty of a verbal reprimand to a maximum penalty of an out of school suspension and/or forfeiture of their privilege of riding on buses for a specified period of time based upon both the evidence presented and the severity of the offenses.

## **UNIVERSAL SCHOOL BUS & VAN SAFETY POLICY**

*In order to promote proper conduct and safety, students should adhere to the following:*

1. Remain seated until the bus comes to a stop. When approaching your stop, do not attempt to walk down the aisle while the bus is still moving. If the bus stops quickly, an injury may occur.
2. When exiting the bus, walk, do not run.
3. Once on the street, walk; do not run, especially in adverse weather conditions.
4. If crossing the street, be sure to look both ways. Cross in front of the extended safety arm while the bus lights are still flashing.
5. Remain seated at all times. Do not climb on the seats or change seats. Do not throw items out of the windows on the bus.
6. Listen to the bus driver and be a good passenger. Refrain from using insulting or profane language. No fighting on the bus. Be respectful of each other.
7. If you have an issue with someone on the bus, report it to the driver and to the teacher or principal when you get to school.

## **USE OF VIDEO RECORDING FOR SCHOOL DISCIPLINARY PURPOSES**

New Bedford Public Schools uses video-taping/recording to monitor those entering the building, the exterior of some buildings, to monitor classrooms and hallways in secondary schools, and to monitor behavior on some buses.

## **BULLYING PREVENTION AND INTERVENTION**

On May 3, 2010 Governor Patrick signed an Act Relative to Bullying in Schools.

This new law prohibits bullying and retaliation in all public and private schools, and requires schools and school districts to take certain steps to address bullying incidents. Parts of the law (M.G.L. c. 71, § 37O) that are important for students and parents or guardians to know are described below.

These requirements are included in the New Bedford Public Schools' Bullying Prevention and Intervention Plan ("the Plan"), which can be accessed online on our website at <http://www.newbedfordschools.org/> under the "Parents and Community" menu. The Plan includes the requirements of the new law, and also information about the policies and procedures that the school or school district will follow to prevent bullying and retaliation, or to respond to it when it occurs. In developing and revising the Plan, schools and districts must consult with school and local community members, including parents and guardians.

### **Definitions**

Aggressor is a student who engages in bullying, cyberbullying, or retaliation.

Bullying is the repeated use by one or more students of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a target that: (i) causes physical or emotional harm to the target or damage to the target's property; (ii) places the target in reasonable fear of harm to himself/herself or of damage to his/her property; (iii) creates a hostile environment at school for the target; (iv) infringes on the rights of the target at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school. Bullying includes cyberbullying.

Cyberbullying is bullying through the use of technology or any electronic devices such as telephones, cell phones, computers, and the Internet. It includes, but is not limited to, email, instant messages, text messages, and Internet postings.

Hostile environment is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions of the student's education.

Target is a student against whom bullying, cyberbullying, or retaliation is directed.

Retaliation is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

### Prohibition Against Bullying

Bullying is prohibited:

- on school grounds,
- on property immediately adjacent to school grounds,
- at a school-sponsored or school-related activity, function, or program, whether it takes place on or off school grounds,
- at a school bus stop, on a school bus or other vehicle owned, leased, or used by a school district or school,
- through the use of technology or an electronic device that is owned, leased or used by a school district or school (for example, on a school computer or over the Internet using a school computer),
- at any program or location that is not school-related, or through the use of personal technology or electronic devices, if the bullying creates a hostile environment at school for the target, infringes on the rights of the target at school, or materially and substantially disrupts the education process or the orderly operation of a school.

Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying is prohibited.

### Reporting Bullying

Anyone, including a parent or guardian, student, or school staff member, can report bullying or retaliation. Reports can be made in writing or orally to the principal or another staff member, or reports may be made anonymously. School staff members must report immediately to the principal or his/her designee if they witness or become aware of bullying or retaliation. Staff members include, but are not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to an extra-curricular activity, or paraprofessionals.

When the school principal or his/her designee receives a report, he or she shall promptly conduct an investigation. If the school principal or designee determines that bullying or retaliation has occurred, he or she shall (i) notify the parents or guardians of the target, and to the extent consistent with state and federal law, notify them of the action taken to prevent any further acts of bullying or retaliation; (ii) notify the parents or guardians of the aggressor; (iii) take appropriate disciplinary action; and (iv) notify the local law enforcement agency if the school principal or designee believes that criminal charges may be pursued against the aggressor.

Disciplinary actions for students who have committed an act of bullying or retaliation will be in accordance with district disciplinary policies and will balance the need for individual accountability with the need to teach appropriate behavior.

Disciplinary actions taken by the school principal may include:

- suspension of student privileges to engage in extra-curricular activities
- requirement that the offending student make an apology to the target and / or to the school community for the behavior
- restitution through community service
- in-school suspension
- out-of-school suspension

Professional Development for School and District Staff

Schools and districts must provide ongoing professional development to increase the skills of all staff members to prevent, identify, and respond to bullying.

The content of such professional development is to include, but not be limited to:

(i) developmentally appropriate strategies to prevent bullying incidents; (ii) developmentally appropriate strategies for immediate, effective interventions to stop bullying incidents; (iii) information regarding the complex interaction and power differential that can take place between and among an aggressor, target, and witnesses to the bullying; (iv) research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk for bullying in the school environment; (v) information on the incidence and nature of cyberbullying; and (vi) Internet safety issues as they relate to cyberbullying.

All New Bedford Public Schools will receive training and materials to implement the Olweus Bullying Prevention Program (OBPP) during the current school year.

Parent input and collaboration is essential for our efforts to be successful. If you are interested in obtaining information about OBPP, contact your child's school principal, or visit [www.olweus.org](http://www.olweus.org).

## **STUDENT-TO-STUDENT HARASSMENT**

Harassment of students by other students will not be tolerated in the New Bedford Public Schools. Harassment prohibited by New Bedford Public Schools includes, but is not limited to, harassment on the basis of race, sex, creed, gender identity, gender expression, English proficiency, ancestry, homelessness, religion, color, national origin, sexual orientation, marital status, or disability. Students whose behavior is found to be in violation of this policy will be subject to disciplinary action up to and including suspension or expulsion.

Harassment means conduct of a verbal or physical nature that is designed to embarrass, distress, agitate, disturb or trouble students when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of a student's education or of a student's participation in school programs, or activities;
- Submission to or rejection of such conduct by a student is used as the basis for decisions affecting the student, or;
- Such conduct has the purpose or effect of unreasonably interfering with a student's performance or creating an intimidating or hostile learning environment.

Harassment as described above may include, but is not limited to:

- Repeated remarks of a demeaning nature;
- Implied or explicit threats concerning one’s grades, achievements, or other school matter.

New Bedford Public Schools will promptly and reasonably investigate allegations of harassment. The Principal of each building will be responsible for handling all complaints by students alleging harassment.

Retaliation against a student, because a student has filed a harassment complaint or assisted or participated in a harassment investigation or proceeding, is also prohibited. A student who is found to have retaliated against another in violation of this policy will be subject to disciplinary action up to and including suspension and expulsion.

The Superintendent will develop administrative guidelines and procedures for the implementation of this policy.

### Complaint Handling and Investigation

A. The school principal shall promptly inform the appropriate Civil Rights Coordinator and the person(s) who is the subject of the Complaint, that a Complaint has been received.

B. The Principal or designee may pursue an informal resolution of the Complaint with the agreement of the parties involved. Informal resolution is optimal, but the Complainant may elect to proceed according to the formal resolution procedure at any time prior to the completion of the informal resolution.

C. The Complaint will be investigated by the appropriate Civil Rights Coordinator, the school principal or other individual designated by the Principal. Any Complaint about an employee who holds a supervisory position shall be investigated by a person who is not subject to that supervisor's authority. Any Complaint about the Superintendent should be submitted to the School Committee Chair, who will consult with legal counsel concerning handling the investigation of the Complaint.

1. The Complainant shall have the opportunity to present witnesses and other relevant evidence to the investigator.
2. The person who is the subject of the Complaint will be provided with an opportunity to be heard as part of the investigation including the opportunity to provide relevant information and identify witnesses for the investigator's consideration.
3. The privacy rights of all parties to the Complaint shall be maintained in accordance with applicable state and federal laws.
4. The investigator will keep a written record of the investigation process.

5. The investigator may take interim remedial measures to reduce the risk of further discrimination or harassment while the investigation is pending.

6. The investigation shall be completed within twenty-one (21) calendar days of the date of the receipt of the Complaint.

7. The Principal or designee may extend the investigation period beyond twenty-one (21) calendar days because of extenuating circumstances, including but not limited to availability and cooperation of witnesses, complexity of the investigation, school vacation periods, and the involvement of law enforcement and other outside agency investigations. If the Principal or designee extends the investigation, he or she will notify the Complainant of the extension.

8. If a complaint or report of discrimination or harassment is received after June 1 of a given school year, the Principal or designee will attempt to complete the investigation by the end of the school year. In the event that investigation extends beyond the last day of school, the district will make reasonable efforts to complete the investigation within the above-referenced time frame, but may extend the investigation period to account for the availability of witnesses during the summer vacation period. If the Principal or designee extends the investigation, he or she will notify the Complainant of the extension and make reasonable efforts to interview the witnesses during the summer vacation period.

9. Nothing in this procedure will preclude the Principal or designee, in his or her discretion, from completing the investigation sooner than the twenty-one (21) calendar days described above.

D. If the investigator determines that discrimination or harassment has NOT occurred, he/she shall, within fourteen (14) calendar days of the completion of the investigation, notify the Complainant and the subject of the Complaint of the outcome of the investigation in writing.

E. If the investigator determines that discrimination or harassment has occurred, he/she shall take steps to eliminate the discriminatory or harassing environment, including but not limited to:

1. Determining what disciplinary action should be taken against the person(s) who engaged in discrimination or harassment, if any;

2. Determine what steps are necessary to prevent recurrence of any discriminatory behavior, including but not limited to harassment, and to correct its discriminatory effects if appropriate; and

3. Inform the Complainant and the person(s) who was the subject of the Complaint of the results of the investigation (in accordance with applicable state and federal privacy laws) within fourteen (14) calendar days of the completion of the investigation.

F. If the Complainant or the student's parent(s)/legal guardian(s) are dissatisfied with the results of the investigation, an appeal may be made to the Chief Academic Officer within fourteen (14) calendar days after receiving notice of the outcome of the investigation. In the appeal, the appellant should identify any specific alleged factual or legal errors and explain why the errors should result in a different conclusion. The Chief Academic Officer shall review the investigative report and may conduct further investigation if deemed appropriate. The Chief Academic Officer's decision shall be final, subject to further appeal to the Superintendent.

If the employee or the student's parent(s) or legal guardian(s) are dissatisfied with the decision of the Chief Academic Officer an appeal may be submitted within seven (7) calendar days after receiving notice of the Chief Academic Officer's decision. The Superintendent will consider the appeal. The Superintendent's decision shall be final.

## **SEXUAL HARASSMENT POLICY AND PROCEDURES**

### **I. POLICY**

The New Bedford Public Schools depends upon a work environment of tolerance and respect for the achievement of its goals. The New Bedford Public School Department is committed to providing a working environment that is free of all forms of abuse or harassment. The New Bedford Public School Department recognizes the right of all employees to be treated with respect and dignity.

Sexual harassment is a form of behavior which adversely affects the employment relationship. It is prohibited by state and federal law. The New Bedford School Department also condemns and prohibits sexual harassment by any employee.

Sexual harassment does not refer to purely voluntary social activities. It refers to behavior which is not welcomed by the employee, which is personally offensive to him or her, and which undermines morale and/or interferes with the ability of the employee to work effectively. Sexual harassment includes unwelcome actions such as:

- sex-oriented verbal abuse;
- sexual remarks or jokes;
- physical contact including patting, pinching or repeated brushing against another's body;
- demands or requests for sexual favors accompanied by implied or overt promises of preferential treatment or threats concerning an individual's status as an employee;
- assaults or molestations; and
- posting or distributing sexually orientated pictures or other materials via any media.

It is, therefore, against the policies of the New Bedford School Department for any employee of the New Bedford School Department, male or female, to harass another employee sexually, that is, by making unwelcome sexual advances, requests for sexual favors, or other uninvited verbal or physical conduct of a sexual nature when:

1. submission to such conduct is made either implicitly or explicitly a term or condition of an employee's employment;
2. submission to, or rejection of, such conduct by an individual is made the basis for employment decision affecting the employee;
3. such conduct has the purpose or effect of interfering with an individual's work performance;
4. retaliation is threatened or undertaken against an individual who complains that such conduct is interfering with his or her work performance; or
5. a hostile or intimidating work environment is created for the employee.

## II. VIOLATION OF POLICY

Any employee violating this policy will be subject to appropriate discipline, including possible discharge by the New Bedford School Department.

## III: PROCEDURES FOR COMPLAINTS

The New Bedford School Department has designated Sexual Harassment Grievance Officers. The Sexual Harassment Grievance Officers are in the office of Human Capital Services (997-4511, ext.3264).

If any employee believes he or she has been subject to sexual harassment, the employee should initiate a complaint by contacting one of the Sexual Harassment Grievance Officers as soon as possible. The employee should file the complaint promptly following any incident of alleged harassment. The employee should be aware that the longer the period of time between the event giving rise to the complaint and the filing, the more difficult it will be for the Sexual Harassment Grievance Officers to reconstruct what occurred. The employee will be requested to write out his or her complaint to document the charge.

Employees will not have to go through the regular chain of reporting procedures when reporting sexual harassment. If the employee is uncomfortable contacting one of the Sexual Harassment Grievance Officers because he or she believes that Sexual Harassment Grievance Officer may not receive the complaint impartially, the employee may contact the other Sexual Harassment Officer.

Upon receiving the complaint, the Sexual Harassment Grievance Officer will promptly have a confidential preliminary investigation made into the matter. If after the completion of this preliminary investigation it is determined that there is reasonable cause for finding a violation of this policy, the Sexual Harassment Grievance Officer will notify the complainant and the charged employee of the finding orally. The charged employee will be requested to respond to the complaint. Additional investigation will be made to the extent appropriate in each case. This process will be confidential to the extent consistent with an effective investigation.

After the response of the charged employee has been made, and any further investigation which may be warranted has been carried out, the Superintendent of Schools or his/her designee will make a final decision. If the Superintendent of Schools or his/her designee finds that the allegations in the complaint have been established by the investigation, the Superintendent of Schools or his/her designee will initiate discipline of the charged employee. Discipline will be appropriate to the offense and employees involved, and may include discharge.

The complainant will be notified of the disposition on the investigation.

#### IV: STATE AND FEDERAL REMEDIES

In addition to the above, if you believe you have been subjected to sexual harassment, you may file a formal complaint with either or both of the government agencies set forth below. Using our complaint process does not prohibit you from filing a complaint with these agencies.

### **SERVICES AND ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES**

Some students with disabilities require specialized instruction and/or supportive services to help them make effective progress in school. These services can include, but are not limited to, speech therapy, physical therapy, occupational therapy, specialized instruction, or placement in a special classroom. Parents/Guardians or teachers may refer students they are concerned about to the Pupil Services Office. Within five (5) school days of such a referral, a consent form authorizing an evaluation of the student will be forwarded to the parent(s)/guardian(s). Upon receipt of the parent(s)/guardian(s)' consent, an evaluation will be conducted and a TEAM meeting will be held to determine if the student is eligible for special education services. If the student is found eligible for special education services, the Team will develop an Individualized Education Program (IEP) identifying the necessary services.

In some cases, the evaluation Team determines that a student with a disability may require only individual accommodations as opposed to specialized instruction and/or related services. Such students are then referred for an evaluation of their eligibility for an individual accommodation plan in accordance with Section 504 of the Rehabilitation Act.

For more information regarding the services available to students with disabilities please contact the school guidance counselor, Principal, or the New Bedford Public Schools' Director of Special Education.

### **CARE OF PERSONAL PROPERTY**

Each student is responsible for her/his personal property. Large sums of money, expensive jewelry, and electronic devices should be left at home.

If it is necessary for a student to bring a large sum of money or valuable item to school, it is strongly advised that the student take it to the Main Office for safe keeping during the school day.

All students are advised to check their valuables with their Physical Education teachers for safe keeping during their gym classes. New Bedford Elementary Schools are not responsible for lost or stolen items.

### **CARE OF SCHOOL PROPERTY**

School property is each student's property. Students should treat such property with the same consideration they would have for their own property.

Students should take pride in keeping the corridors and campus clean and throw waste materials into the containers provided for this purpose.

Students should not mark desks, lockers, etc. Such equipment is expensive and subject to hard wear through normal daily use. Since the school operates on a limited budget, students can help keep costs down for themselves, their families, and taxpayers.

## **DRESS CODE**

Students are expected to be neat and clean and wear clothing that are not distracting to the student and staff population. The following are some items that cannot be worn:

- Shirts that contain vulgar language or depictions
- Special care should be given to the types of shoes worn. Clogs, sandals, flip-flops and platform footwear can be a safety issue.
- Hats, bandanas, or any other garment defined as head cover
- Large chains, nose rings, or any ornamentation that can cause injury
- Fake nails
- Attire that exposes flesh inappropriately (cleavage, midriff, chest, thighs, etc.), such as muscle shirts, belly shirts, short-shorts, tube tops

## **NON-SCHOOL LITERATURE POLICY**

Distributing non-school literature during school hours on or in school property is prohibited. This approved material may be passed out in a place and at a time designated by the Principal. Prior to distribution, a copy thereof must be furnished to the Principal indicating the time and place of distribution. Persons or organizations from outside the school will not be granted permission to sell or distribute material on campus without authorization from the School Committee.

This material must not be obscene, libelous, pervasively indecent or vulgar, or advertise any product or service not permitted by law to minors and/or adults. Further it should not present a clear and present likelihood that it will cause a disruption of the proper and orderly operation and discipline of the school or school activities.

## **STUDENT SEARCHES**

A student's person, personal possessions, and student locker may be searched whenever school administrators have reasonable suspicion that the student is in possession of illegal, prohibited, or contraband items/materials. Any and all illegal, prohibited, or contraband materials discovered as a result of such a search will be confiscated. Students found in possession of such items or materials will be subject to discipline and/or criminal prosecution.

## **HOMEWORK POLICY**

The responsibility of the school district to educate the student is carried out by the teachers through effective classroom instruction and the careful delegation of independent study. It is important for the student to be taught the concepts related to the content area and how to study in school before he/she is given assignments to complete at home. There is, therefore, a progressive increase in the amount of homework expected of students from the elementary grades through high school.

Purposeful homework benefits students. Homework should be an extension of the class lesson, be clearly understood by students, be well planned and meaningful.

Homework can be evaluated in multiple ways through review, classroom or small group discussion, and/or direct assessment. Completion of homework will count towards students' cumulative grade for the content area.

The immediate purpose of a specific homework assignment may be to:

1. Strengthen basic skills
2. Extend classroom learning
3. Stimulate and further interests
4. Reinforce independent study skills
5. Develop initiative, responsibility, self-direction and reflection
6. Stimulate use of leisure time that increases understanding and love of learning
7. Acquaint parents with the content and concepts studied in school

Homework assignments shall be planned in accordance with the following principles:

1. If homework is to have value, its purpose and relation to what has been learned in the classroom must be clearly understood by the student.
2. Students should understand not only what to do, but also how to do it.
3. Homework should grow from classroom discussions, problems, projects, and concerns.
4. The student's age, need for play time, and out-of-school responsibilities must be considered when deciding upon length of any assignment. The student must bear responsibility for managing his/her time in a way that homework can be completed and submitted on time.
5. Assignments should make use of a variety of skills and prior knowledge.
6. Every homework assignment must be properly corrected and/or evaluated in keeping with the purpose of the assignment. To the extent possible, such corrections/evaluations shall be shared with the students involved in a timely fashion.
7. When a student's grade or learning expectation are being adversely affected by poor homework performance or non-completion of assignments, the teacher shall communicate orally, or in writing, in a timely fashion with parents/guardians concerning the problem.
8. All homework assigned will be reflected in the child's cumulative grade or learning expectation at the end of the term.

The School Committee encourages the administration to assist teachers in planning homework assignments in keeping with the above guidelines. Additionally:

1. The Committee expects that Principals (or Directors/Instructional Supervisors where appropriate) will monitor the implementation of this homework policy through various approaches such as review of lesson plans, observation of classes, conferences with teachers, examination of student papers and/or other related activities.

2. The Committee expects that each content Director will clearly define the homework policy of his/her department. All such departmental policies must keep with this School Committee homework policy.
3. The Committee expects parents to provide a suitable place for students to do their homework and to monitor their children by questioning them upon the completion of their assignments.

## **INTERNET SAFETY AND TECHNOLOGY ACCEPTABLE USAGE POLICY**

All users of New Bedford Public Schools' technology resources are expected to act in a spirit of mutual respect and cooperation, while following the regulations for their use as described in this policy. Any violation may result in loss of access, as well as other disciplinary or legal action. Users are considered subject to all local, state, and federal laws.

District technology resources are provided to all students and employees to conduct research, enhance productivity, and to communicate with others for professional and educational purposes. Use of these resources is open to those who agree to abide by the terms of this policy and to act in a considerate and responsible manner. Any abuse or violation of the policy may result in a suspension or cancellation of user privileges, as well as other disciplinary or legal action. The appropriate district and/or school administrator will determine the consequences of any inappropriate use as defined by student handbook and/or district disciplinary policies. Usage is a privilege, not a right.

New Bedford Public Schools reserves the right to monitor, under appropriate conditions, all computer usage and electronic information transmitted using its computer/network resources. The purpose of any monitoring would be to protect the integrity of the district's equipment and networked information systems and to ensure compliance with the policies, rules, and regulations governing the use of these resources. Users do not have an expectation of privacy, since email messages are public communication. Monitoring includes access to non-district commercial Web-based email accounts via the equipment and network resources of New Bedford Public Schools.

### **Responsibilities as a User of New Bedford Public School's Technology Resources**

#### **Regarding Access:**

1. Students are required to have teacher permission and a curriculum related activity to use any of New Bedford Public School's technology or network resources. Students may use only those resources that they have been specifically allowed to use. Students and employees are to use these resources for purposes that support the educational mission of New Bedford Public Schools.

2. Instructional research and computing, including assigned work, research projects and other subject-related activities have priority over all other activities. Employees are expected to utilize these resources for professional and educational purposes.

3. Computing is accessible to all students and employees in the New Bedford Public Schools. Students are not permitted to check personal email, however, students may, with direct supervision and permission of a teacher, use personal e-mail to attach a file to send or get an attached file that has been uploaded from home when related to an assignment.

The district expects its employees to utilize district email accounts for all professional communications. If you are provided with any type of school/district account (email, Web, administrative), it is your responsibility to take all necessary precautions to protect access to the account by not sharing your password(s) with others.

As increasingly more data is collected to guide decision-making, employees with access to any confidential information must make every effort to keep this information secure to protect against unauthorized disclosure, use, and dissemination of personal identifiable information, especially regarding minors.

Students in particular need to be reminded about the dangers of giving out any personal information online such as a home address or telephone number for themselves or others, since people can use e-mail, instant messaging, chat rooms, and social networking sites to threaten, harass, or entice children.

#### **Regarding Network and Equipment Resources:**

4. Users may not intentionally circumvent network or computer security safeguards.

5. Electronic tampering with technology resources is not permitted. Users may not by any means intentionally attempt to disrupt the district's computer systems, corrupt system performance, or destroy information contained within these systems, including the spreading of computer viruses.

6. Users may not engage in unauthorized duplication, installation, alteration, or destruction of data, programs, or software. Users may not send or disclose data, programs, or software belonging to others. This includes, but is not limited to, any attempt to access files belonging to other users without their permission. Users must respect all copyright laws that protect software owners, artists, and writers. Plagiarism in any form will not be tolerated.

7. Users may not engage in abusive or improper use of technology resources, which includes, but is not limited to, misuse of computer or network access privileges, tampering with equipment and unauthorized removal of equipment components.

#### **Regarding Information Resources:**

8. Users are expected to follow generally accepted rules of network etiquette and conduct oneself in a responsible and ethical manner while on-line. Users are not permitted to send, receive, submit, or publish any defamatory, inaccurate, racist, abusive, obscene, profane, sexually harassing, threatening, bullying, offensive, or illegal material within or outside of New Bedford Public Schools using the district's network facilities.

9. Users are not permitted to use New Bedford Public Schools' technology resources for private and/or commercial purposes that include, but are not limited to, buying and selling merchandise, product advertising, political lobbying, political campaigning, gambling, or any profit-making or illegal purposes.

10. Filtering software, as required by the Children’s Internet Protection Act (CIPA), is in place to help block or filter Internet, or other forms of electronic communications being received that are obscene, pornographic, harmful to minors, and inappropriate in an educational setting. However, no filtering system is 100% effective at blocking inappropriate material.

Procedures are in place for disabling or modifying our technology protection measures for legitimate educational purposes. It is the responsibility of the Informational Technology Manager, and in some cases, the Director of Instructional Technology and Professional Development, or designated representative to review all requested modifications.

The best way to protect our students is to educate them in developing the 21<sup>st</sup> century skills needed to navigate the Internet safely and responsibly. It is the responsibility of all members of the New Bedford Public Schools’ staff to assist in educating, supervising, and monitoring appropriate online behavior in accordance with this policy, CIPA, and the Protecting Children in the 21<sup>st</sup> Century Act, and all other NBPS’ policies. Every effort will be made to supervise students and to direct them to suitable informational resources while using the Internet. Still, it is impossible to preview the content of all materials available online, and a user may discover controversial information unintentionally. If any user mistakenly accesses inappropriate material, it is their responsibility to report this to a teacher or administrator immediately.

### **Limitation of Liability**

Users assume all risk and New Bedford Public Schools makes no guarantee that the functions or the services provided by or through the district’s network information systems will be error-free or without defect. The district specifically denies any responsibility for any damage you may suffer, including, but not limited to, loss of data, interruptions of service, or exposure to inappropriate material or people. The district is not responsible for the accuracy or quality of the information obtained through or stored on its system. The district will not be held responsible for financial or legal obligations arising from the authorized or unauthorized use of its network information systems.

### **Penalties for Inappropriate Use**

The appropriate district and/or school administrators will determine the consequences of any inappropriate use by a student or employee. All users will be afforded due process. Disciplinary actions will be appropriate to meet specific concerns related to the violation, and when applicable, refer to student handbook and/or district disciplinary policies. Any abuse or violation of this policy will result in a range of disciplinary actions that might include suspension or cancellation of user privileges, as well as other disciplinary or legal action. All users are considered subject to all local, state, and federal laws.

## **Additional Technology Usage Guidelines**

New Bedford Public Schools takes student safety very seriously. In a digital world, account password security is critical to protect against unauthorized disclosure, use, and dissemination of personal identifiable information, especially regarding minors.

Students in particular need to be reminded about the dangers of giving out any personal information online such as a home address or telephone number for themselves or others, since people can use e-mail, instant messaging, chat rooms, and social networking sites to threaten, harass, or entice children.

The Children's Internet Protection Act (CIPA) requires filtering software to be in place to help block or filter inappropriate Internet content, or other forms of electronic communications. However, on occasion valid educational sites become inaccessible to educators and their students. In those instances, procedures are in place for disabling or modifying our technology protection measures for legitimate educational purposes. It is the responsibility of the Informational Technology Manager, and in some cases, the Director of Instructional Technology and Professional Development, or designated representative to review all requested modifications.

The best way to protect our students is to educate them in developing the 21st century skills needed to navigate the Internet safely and responsibly. It is the responsibility of all members of the New Bedford Public Schools' staff to assist in educating, supervising, and monitoring appropriate online behavior in accordance with this policy, CIPA, and the Protecting Children in the 21st Century Act, and all other NBPS' policies.

## **STUDENT RECORD REGULATIONS AND THE FAMILY EDUCATIONAL RIGHTS PRIVACY ACT**

The New Bedford Public Schools complies with applicable federal and state laws and regulations pertaining to student records. Those laws and regulations are designed to ensure a parent’s/guardian’s and eligible student’s rights to access, inspect, and to request amendment of the child’s student record.

The Massachusetts Student Record regulations and the Family Educational Rights and Privacy Act (FERPA) apply to student information kept by a school in a manner such that the student may be individually identified. The regulations divide the record into the permanent transcript and the temporary record. The transcript includes only the minimum information necessary to reflect the student’s educational progress. This information includes the student’s name, address, course titles, grades, credits, and grade level completed. The transcript is kept by the school system for at least sixty (60) years after the student leaves the system.

The temporary record contains the majority of the information maintained by the school system about the student. This may include such things as standardized test results, class rank, school sponsored extra-curricular activities, and evaluations and comments by teachers, counselors, and other persons. The temporary record is destroyed no later than seven (7) years after the student leaves the school system.

The following is a summary of major parent/guardian and student rights regarding their student records:

**Inspection of Record** - A parent/guardian, and any student who has entered the ninth grade or is at least fourteen (14) years old, has the right to inspect all portions of said student record upon request. The record must be made available to the parent/guardian or student within ten (10) calendar days of the request, unless the parent/guardian or student consents to a delay. In the event the parent/student requests copies of a student record, the District may charge the parent(s)/ guardian(s)/student for said copies at the District rate.

**Confidentiality of Record** - With a few exceptions, no individuals or organizations but the parent/guardian, student, and school personnel working directly with the student are allowed to have access to information in the student record without specific, informed, written consent of the parent/guardian or the student.

**Amendment of Record** -The parent/guardian and eligible student have the right to add relevant comments, information, or other written materials to the student record. In addition, the parent/guardian and eligible student have the right to request that information of the record be amended or deleted. The parent/guardian and eligible student have a right to a conference with the school principal to make their objections known. Within a week

after the conference, the principal must render a decision in writing. If the parent/guardian and student are not satisfied with the decision, the regulations contain provisions through which the decision may be appealed to higher authorities in the school system.

Directory Information -Federal law requires that the District release the names, addresses and telephone listings of students to military recruiters and institutions of higher education upon request for recruitment and scholarship purposes without prior consent. In addition, the District may release the following directory information about a student without prior consent: a student's name, address, telephone listing, date and place of birth, major fields of study, dates of attendance, weight and height of members of athletic teams, class participation in officially recognized activities and sports, degrees, honors and awards, post-high school plans and directory information such as homeroom assignments. However, in all instances, parents may request that such directory information not be released without prior consent by notifying their school building office in writing by the end of September of each school year.

Destruction of Records - The regulations require that certain parts of the student record, such as the temporary record, be destroyed a certain period of time after the student leaves the school system. School authorities are also allowed to destroy misleading, outdated, or irrelevant information in the record from time to time while the student is enrolled in the school system. Before any such information may be destroyed, the parent and student must be notified, and have an opportunity to receive a copy of any of the information before its destruction.

Transfer of Records: It is the practice of the New Bedford Public Schools to forward the student record of any student who transfers to another public school or school district upon request of the receiving school or district.

Non-Custodial Parents: Unless there is a court order to the contrary, a non-custodial parent (parent without physical custody of the student) of any public school student has the right, subject to certain procedures, to receive information regarding the student's achievements, involvement, behavior, etc. A noncustodial parent who wishes to have this information shall submit a written request annually to the principal. Upon receipt of such a request, the principal shall send written notification to the custodial parent by certified and first class mail that the records and information will be provided to the non-custodial parent in twenty-one (21) calendar days unless the custodial parent provides documentation of the non-custodial parent's ineligibility to access such information. In all cases where school records are provided to a non-custodial parent, the electronic and postal address and other contact information for the custodial parent shall be removed from the records provided. Any such records provided to the non-custodial parent shall be marked to indicate that they may not be used to enroll the student in another school. Upon receipt of a court order that prohibits the distribution of information pursuant to G.L. c. 71, §34H, the school will notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent.

### **M.G.L. c.71, §34H, 603 CMR 23.07.**

Third Party Access: Authorized school personnel, to include: (a) school administrators, teachers, counselors and other professionals who are employed by the school committee or who are providing services to the student under an agreement between the school committee and a service provider, and who are working directly with the student in an administrative, teaching, counseling, and/or diagnostic capacity; (b) administrative office staff and clerical personnel, employed by the school committee or under a school committee service contract, and whose duties require them to have access to student records for purposes of processing information for the student record; and (c) the Evaluation Team which evaluates a student, shall have access to the student record of students to whom they are providing services, when such access is required in the performance of their official duties. The consent of the parent or eligible student shall not be necessary.

Complaints: A parent/guardian or eligible student has a right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-5901, (202) 260-3887 or with the Massachusetts Department of Elementary and Secondary Education, 75 Pleasant Street, Malden, MA 02148, 781-338-3300. If you have any questions regarding this notice, or would like more information and/or a copy of the Massachusetts Department of Elementary and Secondary Education, please contact the building principal.

## **PPRA Notice and Consent/Opt-Out for Specific Activities**

The Protection of Pupil Rights Amendment of 2001 applies to schools that accept federal funds, which New Bedford Public Schools does. PPRA seeks to ensure that instructional materials are made available to parents/guardians for inspection if those materials will be used in connection with a survey, analysis, or evaluation in which their children participate.

Additionally, for surveys funded by sources other than the Department of Education further policies address these issues of student privacy.

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. § 1232h, requires the New Bedford Public Schools to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas (“protected information surveys”):

1. Political affiliations or beliefs of the student or student’s parent/guardian;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents/ guardians; or
8. Income, other than as required by law to determine program eligibility.

## **PK-5 ATTENDANCE REGULATIONS & PROCEDURES**

It is the belief of the faculty and administration of the New Bedford Public Schools that regular and punctual attendance is essential for every student. Active participation in the learning process is an important component to successful achievement, and regular attendance at school will help our students to become productive and responsible citizens. In light of this, the NBPS has instituted a 95% quota on attendance. All students are expected to meet this quota.

**ABSENCES:** Written documentation is required from a parent or guardian for any and all absences. The note must list the date(s) of absence(s); the student’s full name; and it must clearly state the reason for the absence. The reason must be one of those listed below or the absence will be counted as inexcusable. The student will

show each classroom teacher the documentation indicating his/her absence. The note will then be given to the homeroom teacher who will keep it on file for further reference. Homeroom teachers should follow disciplinary procedures to insure that notes are returned in a timely fashion.

Teachers and administrators realize that there are reasons for a student's absence from school. Only the following instances, all of which require official written verification or documentation, would constitute an **excusable** absence/tardy:

- Medical appointments/illness verified in writing by a professional health-care provider or the school nurse
- Death of a family member
- Observance of a major religious holiday
- School-related absence (i.e.: dismissals for field trips, suspensions, ASA, sports events, etc.)
- Legal obligation
- Verified post-high school visitation
- Absence approved by the school principal/headmaster

If a student is absent for one of the above reasons, he/she will provide each classroom teacher with the appropriate notification.

**Please note: Family vacations do not constitute an excused absence.**

**ATTENDANCE REQUIREMENT:** When a student exceeds the following:

- 9 inexcusable absences in a class that meets daily
- or
- 5 inexcusable absences in a class that meets on alternating days

The student will not receive the Unit or portion thereof normally granted upon successful completion of that class. This, in turn, may place the student in jeopardy of attaining the required Units necessary for graduation.

**PARENTAL NOTIFICATION:** Parents or guardians will be notified that a student is in danger of not receiving credit through a documented Notice of Absenteeism. (A teacher may choose to follow up with a telephone call.) Communication will occur on the following days:

- Class that meets daily – on/after the 7<sup>th</sup> day of absence
- Class that meets on alternating days – on/after the 3<sup>rd</sup> absence

**TEACHER OPTION FOR CREDIT:** Once a student has exceeded the minimum absentee days as stated above, the classroom teacher has the option of awarding credit only if the student has made up all the work missed to the teacher's satisfaction and in accordance with the standards set forth in the curriculum. It is strongly urged that the student make up the work as soon as possible. Should the student violate the attendance requirement, without making up work to the teacher's satisfaction, then – even if the student attained a passing grade for the class – the student's report card will indicate:

- No Units earned toward graduation for that semester
- The mandatory teacher comments: Exceeds minimum attendance/no credit

**HEARING PROCESS:** Students and parents will have the opportunity to request a hearing within five school days of issuance of the report card. The hearing will include a meeting with the parent or guardian, the student, classroom teacher(s), and the principal/housemaster (where appropriate.) The parent or guardian may appeal the decision to the principal/headmaster.

**TARDINESS:** If a student is not present in his/her classroom/homeroom at the bell, the student is marked tardy; a student attending less than half a day is marked absent. A written excuse (as described above) is required. The first three occurrences of tardiness will result in an after-school period. A detention period will be assigned for further tardiness. If a student is tardy more than 5 times during a semester, a conference will be held with the parent or guardian and the principal/housemaster. Three instances of significant tardiness (approximately one third of the class missed in each case) will count as one absence.

**DISMISSAL:** A student wishing to be dismissed during a session must present a signed note from the parent or guardian to the Housemaster. It must include the student’s full name, reason, date and time for dismissal, and a telephone number where the principal/housemaster can reach the parent or guardian for verification and approval.

**TRUANCY:** Truancy is defined as being absent from school without the permission of a parent or guardian. Any student who is found to be truant may be required to return to school accompanied by a parent or guardian.

**RETENTION:** A student will be retained in Grades 1 – 6 if he/she is not present for the full school day at least **171** days of the 180 days in a school year (Massachusetts General Laws, Chapter 76, Section 2.) The principal will retain full authority to determine, for each student, the number of days that count toward the 171 day minimum requirement. A medical certificate is not reflected in the 10-day excused absence requirement.

## **FIELD TRIPS POLICY**

The School Committee recognizes the educational value of field trips, tours and excursions, when tied to the curriculum standards and when used to augment learning in the classroom. In order for all students to fully participate in the learning offered by field trip experiences, it is incumbent on each school to devise a means for covering any field trip-related expenses so that all students are able to attend, regardless of ability to pay.

These activities must be adjunct to an approved program and designed to attain specific program objectives. The School Committee feels that field trips are a privilege and not an entitlement. To the extent that budgetary resources permit, the Committee encourages and sanctions student trips and other out-of district school activities, including participation in community civic projects and international travel which are of value in helping achieve each participating student's educational objectives.

All field trips require both the Principal and the Superintendent's administrative approval. Requests for overnight trips must be approved by the Superintendent or designee, with attention paid to the specific instructional objectives and the overall educational value of the trip. All out of state or extended (overnight) trips and excursions, except those required for student participation in tournament competition or contests, must have advance approval of the School Committee. Fund-raising activities for such trips shall be subject to approval by the Superintendent. All Committee policies and administrative regulations concerning students will be in effect for all approved field trips, excursions and travel experiences.

Adopted: 8/10/09

All chaperones must have a Criminal Offense Record Information C.O.R.I. and Department of Child & Family Services (DCF) check through the New Bedford school system prior to attending any/all field trips.

## **REGULATIONS COVERING SALE OR DISTRIBUTION OF MATERIAL ON CAMPUS**

The sale or distribution of printed material or articles of merchandise will not be permitted on school property without the prior approval of the Principal. Recognized student organizations should request permission from the Principal. Persons or organizations from outside the school will not be granted permission to sell or distribute material on campus without authorization from the New Bedford School Committee.

## NURSES' OFFICE

### General Information

Elementary School Nurses are registered nurses that are licensed by the Department of Education and are valued members of the educational team. They offer unique opportunities for students to learn healthy behaviors and receive easily accessible health services within a school setting. They are specially trained in health promotion and assessment, respond skillfully to the ever-changing health care needs of today's students, and are knowledgeable in the most appropriate treatment and referral procedures.

All new students entering a New Bedford Elementary School must see a school nurse for an evaluation of their health and immunization status. This evaluation is generally completed at the Family Welcome Center for entering elementary students.

Students who are injured or become ill during school hours must consult with the nurse on duty. A student who is feeling ill should report to the nurse's office with the consent of the classroom teacher. Excluding emergencies, no student is allowed to visit the nurse's office without a pass from a teacher.

Dismissals for illnesses may only be issued by a school nurse. A telephone call to the parents or guardians will be made when dismissals are necessary. On returning to school from a dismissal for illness or injury, students must report first to the Nurses' Office before returning to class. The nurse will supply the student with a return slip to class.

Please keep your child home from school if he/she has had a fever within the past 24 hours, if your child is vomiting, or has diarrhea, or has a contagious illness such as strep throat, flu or chicken pox.

Any student that has a change in health status (surgery, crutches, wheel chair ...) must first report to the nurse's office. Exclusion notes for gym are to be brought to the Nurses' Office so that accommodations can be made.

In case of an accident, no matter how minor, the student should report that accident to the teacher immediately and then report to the nurse's office. In the case of severe accidents or acute illness, emergency care will be given and the parent(s)/guardian(s) will be notified.

### Medication Policy

State regulations governing the administration of prescription medication in school ensure the health and safety of children needing medication during the school day. These regulations require that the following forms be on file in your child's health record before any medication (including over the counter medication) be given in school. These forms can be obtained by your child's health care provider or school nurse.

- 1. Signed medication order.** A written medication order form must be completed by your child's licensed physician, nurse practitioner, dentist, etc. and returned to the school nurse. Medication orders must be renewed when there is a change and at the beginning of each academic year.
- 2. Parental Consent.** A signed consent by the parent or legal guardian to give the medication.

Medications must be delivered to the school nurse in a pharmacy or manufacturer-labeled container by a parent **or a responsible adult** designated by the parent. No more than a thirty-day supply should be delivered to the school nurse along with a note stating the amount of medication sent in to the school. No **over the counter medication** will be given in school without the required, signed medication forms. Students should not be in possession of any over the counter medications while in school.

## **Required Physical Exams, Screenings, and Immunizations**

All 1st, 4th, 7th, 10th graders and new entries are required to have a health examination on file in the nurse's office. Massachusetts General Law, 105 CMR, Section 200 requires that public schools have on file the report from a physical examination of each child upon entrance or transfer into the school system and every 3 or 4 years thereafter. This examination should be done by your child's primary care provider and a copy provided to the school nurse.

School nurses follow the Massachusetts Department of Public Health's requirement for screening of children for growth, dental, postural, hearing and vision issues. Please notify your child's school nurse if you do not want your child to participate in the screening process.

All students are required to have an immunization record on file in the nurse's office. Immunizations must be up-to-date for each child according to Massachusetts's immunization guidelines. Please be aware that any student who does not fully comply with and produce documentation of state immunization requirements will be excluded from school. As required by law, appropriate authorities will be notified if a student is excluded and remains in non-compliance after the exclusion date.

During the first week of school, you will be given information regarding various insurance plans. If you need assistance obtaining health insurance, please contact the school nurse.

## **ACQUIRED IMMUNE DEFICIENCY SYNDROME (AIDS)**

All children diagnosed as having AIDS or with clinical evidence of infection with the AIDS associated virus (HIV) and receiving regular medical attention are able to attend school, except when certain conditions are present as specified in the Massachusetts Department of Public Health AIDS School Attendance Policy adopted by the School Committee.
